

NOTICE TO THE CITIZENS OF CAMDEN

There has been an increase of people placing stones, stonewalls or other obstructions within the right-of-way of Town roads. The Town of Camden, as well as other towns and cities in the State of Maine, maintain more than just the paved portion of the road. This area beyond the paved way is a right-of-way, which the municipality reserves for utilities, storm drainage, unpaved shoulders and ditches. Obstructions placed within this right of way hinder the ability to maintain and repair a road. A municipality is required to keep town ways open and in repair so as to be “**safe and convenient**” for travelers with motor vehicles. **PLEASE!** If you are planning to do any work of any type on your property adjacent to the road, take a moment to call the Camden Town office at 236-3353, or the Public Works Director at 236-7954 to discuss those plans. Thank you for your cooperation on this important matter.

Rick Seibel Public Works Director
