

YEAR _____
**TOWN OF CAMDEN
DINGHY RACK PERMIT
APPLICATION**

Name: _____

Address: _____

Telephone numbers where you can be reached in case of a storm or if your dinghy needs to be moved.

_____ OR _____

Boat Make: _____ Boat Length _____ Hull ID# _____
(Dinghies shall not exceed 10 feet, Total Vessel Length)

Dinghy number _____ (to be filled in by Harbor Clerk)

PROCEDURE

No dinghies over 10' (TVL) will be permitted in the Town Dinghy Rack. Dinghies with a freeboard over 18" will not fit in the rack.

Whenever weather conditions warrant, dinghies must be removed from the rack and taken away by their owners to avoid damage to Town property. There will be no motors allowed stored on the rack.

This permit will allow the holder to store a 10' or shorter dinghy in the Steamboat Landing Dinghy Rack. Besides two hour transient use at the Town Dinghy Dock, this permit does not give the holder the privilege to use the Town Floats as a berth.

All dinghies must be removed from the Town Rack by November 15th. After that date, the Town will remove remaining dinghies, transport them to the public works yard and charge a fee of \$100.00 to cover the cost of removal. Permit stickers will be affixed to the port side of the transom.

Permit holders must follow all current vehicular parking regulations.

Please sign this document indicating that you have read and understand these requirements.
