

**Camden Energy Committee
Minutes of Meeting
June 21, 2010 DRAFT**

Present: Jeff Lewis, Leonard Lookner, Morgan Laidlaw, Rick Knowlton, Peter Kalajian, Roberta Smith

1. Minutes of June 7, 2010 meeting approved
2. Discussion on next steps recommendation for the Camden Select Board. The Committee reviewed the presentation by Maine Coast Community Wind briefly. Discussion on next steps focused on formation of a multi-town committee to pursue funding and preliminary assessment of issues specific to Ragged Mountain. Morgan Laidlaw stated that he thought the Select Board wants to know if there is interest from other towns. The Committee agreed to ask the chair to draft a recommendation to the Select Board that a multi-town committee be formed to carry the concept forward. The Committee also voted unanimously that a net metering option be included in the concept development.
3. Peter Kalajian offered to take the lead on inventorying and assessing Camden's street lights for any opportunities to reduce energy and save money. He referenced work recently started in Rockland that reduced street lighting in some areas significantly.
4. Rick Knowlton and Leonard Lookner offered to take the lead on investigating any additional hydropower potential on the Megunticook River.
5. Meeting was adjourned at 6:30 pm
