*Total Vessel Length (TVL): The extreme length of vessel measured to include any and all extensions or overhangs from the hull's stem or stern, such as bowsprits, boomkins, rudder posts, booms, davits, outboard motors in normal operating position, swim platforms or any other extensions from the hull.

CHAPTER V, ARTICLE V, SECTION 6.I

I. Mooring and Mooring Float Usage

Site holders of private moorings may not reassign their moorings but may allow them to be used by others with written notice to, and written approval from the Harbormaster. Normal use of private moorings is defined as 45 nights of occupancy by the vessel that belongs to the site holder of that mooring or float during the June 15 to September 15 season. Owners are required to keep a log of occupancy that shall be made available upon request by the Harbormaster. Exceptions to the 45-night occupancy may be made with prior notice to the Harbormaster, who may request voyage documentation.

A mooring or float site holder may receive a one-year grace period from this occupancy requirement but must give the Harbormaster notice of such non-use prior to June 15th of that year, and must permit the Harbormaster to assign use of that mooring or float for the season. If a vessel is sold, the site permit holder shall have a one-year grace period starting on the date of the sale. The Harbormaster will assign such use to the first willing party on the pertinent waiting list with an appropriate size vessel. The owner of the mooring or float gear may charge the temporary user for annual fees and for appropriate maintenance costs as determined by the Harbormaster. The temporary user will assume all liability associated with the mooring or float, will be responsible for leaving it in the condition found, and will be subject to the 45 day occupancy rule. The temporary user requirement may be guaranteed by a security deposit with the approval of the Harbormaster and failure to observe these requirements may result in loss of waiting list status. Any person not planning to use a mooring for more than three days is encouraged to notify the Harbormaster in order to utilize mooring space to the highest possible degree.

The name of any mooring or float permittee under this ordinance who:

1. While in good standing and compliance with all other provisions of this ordinance voluntarily relinquishes a permit by means of a formal written release in a form approved by the Harbormaster; and
2. Desires to remain on the waiting list for the same type of permit as being relinquished for possible future reapplication, and
3. Meets all of the requirements applicable to being maintained on the waiting list, including payment of the annual fee therefore, but excepting the requirement of maintaining an outer harbor mooring site.
4. Shall hereafter be referred to as "volunteer" and be entitled to priority ranking on that waiting list. As permits become available they shall be first offered to those volunteers who shall have been so ranked in reverse order of listing such that the names of volunteers who have remained continuously on the list for the longest period of time as measured from the date added to the list shall have right of first refusal with respect to applying for any such available permit. In the event there are no such volunteers, or all such volunteers have declined an offer to apply for a permit which has become available, the list shall be addressed by the Harbormaster in the usual manner. No volunteer shall be eligible for consideration under this section until the name of such volunteer has remained on the waiting list for longer than one year from the date of signing the release.
